The Durnin brings together smart functionality and timeless design—perfect for growing families or anyone who needs a home that adapts with ease. On the main floor, a bedroom and full bathroom offer flexible living options—great for guests, aging parents, or a private office setup. The spacious kitchen features a large island, hood fan above the stove, and full quartz countertops throughout. A spice kitchen tucked behind the main one keeps the mess out of sight and gives you that extra room for prepping meals or storing essentials. And with a side entrance, there's added potential for a future basement development or private access. Upstairs, the open-to-above stairwell brings in natural light and a sense of airy openness. The second floor features a generous bonus room, ideal for family movie nights or a cozy kids' retreat. The primary suite includes a large walk-in closet and a spa-inspired ensuite with dual sinks, a drop-in tub, and a separate shower. Photos are representative
